Memorandum

Date: November 16, 2009

To: Valley Division STEVE

Attention: Chief S. B. Lerwill

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.A7146.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on July 13 – 15, 2009 and July 20 – 21, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI randomly selected items within your command and compared them to the appropriate inventory records. The complete Division (Division office and Division units) property count list is summarized in Attachment F.

According to the OPI inventory lists, the command and corresponding Division units have a combined total property inventory population of 2,653 items. The statistically-valid sample at a 95 percent confidence level ± 4 percent error rate provided a total sample size of 510 items. Each OPI inventory list was stratified and the results rounded to the nearest whole number to ensure all inventory lists were proportionally represented in the statistically-valid sample. The stratified totals for the command and Division units are summarized in Attachment G.

When comparing equipment recorded on the predetermined property inspection lists for the equipment located within the eight Division units, 444 of the 510 were located. Forty-two were unavailable for inspection due to employees being out of the office or items located at off-site locations; 19 items could not be located because they had been transferred to other commands; and 5 items (hand-held calculator, cassette recorder, hand-held radio, detector gamma ray, and battery charger – radio) could not be located. Furthermore, 13 of the 444 require a correction be made to the property record. The property inspection results of the equipment recorded on the predetermined property inventory lists to equipment located at the command and Division units are summarized in Attachment A.

When comparing equipment located at the command and Division units to the OPI inventory lists, 251 of the 284 items reconciled. Seventeen items were not listed on the appropriate OPI inventory lists and 16 items require a correction be made to the property records. The property inspection results of equipment located at the command and Division units to the OPI inventory list are summarized in Attachment A.

I request your command and respective Division units research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections by February 16, 2010.

Furthermore, in accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

The Office of Inspections would like to thank your command for their assistance during this property inspection. If you have any questions or need additional information, please contact me or Roger Ikemoto, Senior Management Auditor at (916) 843-3160.

Memorandum

210

Date: December 30, 2008

To: Valley Division

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Delta RATT

File No.: 210.13900.08invent.doc

Subject: 2008 INVENTORY

Pursuant to the requirements of HPM 11.2, Materials Management Manual, the Delta Regional Auto Theft Team (Delta RATT) has completed its 2008 equipment inventory. Details of the inventory are outlined below. In summary, the Delta RATT inventory has increased with the addition of several Global Positioning Satellite (GPS) tracking and navigation assets, and one item has been deleted.

- One item which appears on the Delta RATT inventory is being deleted. This item, a mini-cassette recorder, has been signed over to Supply Services Unit.
- A total of two GPS navigators have been added. In February of 2008, Delta RATT took possession of three GPS trackers. Subsequently one of the trackers was reassigned to ISU. 266's associated with both transactions are attached.
- Incidentally, a 266 is attached for "paper transfer" of the Canon Safe to Delta RATT. This was provided in order to remove the item from the Stockton Area inventory where a duplicate entry appears. The Safe is already in Delta RATT's possession, and appears on our inventory. A copy of the 266 has been provided to the Stockton Area Office for their records. This transaction represents no change in the Delta RATT inventory.

C. O. Stewart, Sergeant
Delta RATT

Valley Division

File No.: 201.11715.14624

Subject: ANNUAL PHYSICAL INVENTORY OF EQUIPMENT AND VEHICLES

As directed, the annual physical inventory of equipment and vehicles for the Commercial Unit (211) has been completed. The following corrections should be made:

DELETION:

AIR CONDITIONING AND HEATING SYSTEM CHP # R116348

NOTE: The Westbound Antelope Scale Facility was approved for the installation of a new heating/air conditioning unit in 2008 after the old system failed and was determined to be unserviceable. Facilities Section arranged for the installation of the new unit, and disposal of old unit; disposal of the item was completed by a contractor. An inventory adjustment request (CHP 24) has been prepared to ensure that the item will be deleted from the Commercial Unit's inventory (attached).

DELETION:

BATTERY RADIO CHARGERS CHP # R71112, R71113, R82602, R82603

NOTE: After an extensive search by the Commercial Unit's personnel of the building, Antelope Platform Scales and all mobile road enforcement (MRE) vehicles, these items could not be located. The Valley Division Commercial Unit has implemented a method for tracking the assignment of these items using an Excel spreadsheet. This item was reported missing on the previous annual equipment inventory memorandum and has subsequently been entered into the missing or stolen database and inventory adjustment requests (CHP 24) have been submitted.

DELETION:

DETECTOR GAMMA RAY CHP # 137209

NOTE: After an extensive search by the Commercial Unit's personnel of the building, Antelope Platform Scales and all mobile road enforcement (MRE) vehicles, this item could not be located. It was determined this unit was replaced during 2007; however, there is no documentation to support this fact. This item was reported missing on the previous annual equipment inventory memorandum and has subsequently been entered into the missing or stolen database and inventory adjustment requests (CHP 24) have been submitted. The Valley Division Commercial Unit has taken measures to better control the assignment and servicing/calibration of detector gamma ray monitors.

DELETION:

35MM SLIDE PROJECTOR CHP # 71335

NOTE: This projector was not located during last year's inventory. A memorandum was completed on 4-26-07; however, a CHP 266 has been completed. This item was reported missing on the previous annual equipment inventory memorandum and has subsequently been entered into the missing or stolen database and inventory adjustment (CHP 24) requests have been submitted.

DELETION:

DIGITAL CAMERA (CASIO) CHP # 101215

NOTE: This camera was sent to Supply Services Unit On 9-26-07. A CHP 266 was filled out and sent with this item. This item was reported missing on the previous annual equipment inventory memorandum and has subsequently been entered into the missing or stolen database and inventory adjustment requests (CHP 24) have been submitted.

DELETION:

35MM OLYMPUS CAMERA CHP # 74637

NOTE: This Camera was sent to Supply Services Unit On 9-26-07. A CHP 266 was filled out and sent with this item. This item was reported missing on the previous annual equipment inventory memorandum and has subsequently been entered into the missing or stolen database and inventory adjustment requests (CHP 24) have been submitted.

DELETION:

SHARP CALCULATORS CHP # 75716, 82049

NOTE: Calculator #75716 was not located during last year's inventory. A memorandum was completed on 4-26-07; a CHP 266 has been completed. Calculator #82049 was sent to Supply Services Unit On 9-26-07. This item was reported missing on the previous annual equipment inventory memorandum and has subsequently been entered into the missing or stolen database and inventory adjustment requests (CHP 24) have been submitted.

DELETION:

HP LASER JET PRINTER CHP # XD0203FX

NOTE: This Printer was assigned to and appeared on Valley Division Investigative Services Unit's (ISU's) annual inventory. A CHP 266 was filled out on 12-11-07 and this item was sent to Supply Services by Valley Division ISU.

DELETION

MD 400 PORTABLE SCALE CHP # 59996, 67170, 62002, 58290, 67183, 59947, 59956, 67173, 59949, 53271, 67145, 53279, 62031, 62007, 67158, 59967, 58303, 59989, 126200

NOTE: These items were sent to Supply Services Unit On 08/11/2008. A CHP 266 was filled out and sent with this item. An inventory adjustment requests (CHP 24) have been submitted and attached to this memorandum.

Memorandum

Date: December 4, 2007

To: Valley Division

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Delta RATT

File No.: 210.13900.07invent.doc

Subject: 2007 INVENTORY

Pursuant to the requirements of HPM 11.2, Materials Management Manual, the Delta Regional Auto Theft Team (Delta RATT) has completed its 2007 equipment inventory. Details of the inventory are outlined below. In summary, the Delta RATT inventory has been significantly reduced through deletion. One computer found on the Delta RATT inventory is being used exclusively by members of the Stockton Area Motor Carrier Safety Unit (MCSU) and will be transferred. An exhaustive physical inventory of radio equipment resulted in the determination that one hand-held radio is missing.

- Nineteen items which appear on the Delta RATT inventory are being deleted (refer to the related CHP 266's and CHP 24's). There were miscellaneous, outdated items which did not appear on the Delta RATT inventory. These items, which include one surplus military night vision scope (Tag # SF1023) and a mini-printer (Tag # 92258), appear on the related CHP 266 and were signed over to Supply Services Unit.

- The Hewlett Packard desktop computer (Tag # 149610) is located in the MCSU office and is being used exclusively by MCSU personnel. Delta RATT requests that this asset be transferred to the MCSU inventory. A CHP 266 for this transfer has been completed and is attached.

- One hand-held radio (Tag # R78399) is missing. It is presumed to have been lost to another command as a result of being utilized by non-Delta RATT personnel during a large scale operation or deployment. There is no record of the asset being permanently assigned, or released to another command.

C. O. Stewart, Sergeant
Delta RATT
