Memorandum

Date: December 4, 2009

To: West Los Angeles Area

Attention: Captain E. J. Gingras

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.015989.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) from September 29, 2009 through October 6, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

According to the OPI inventory lists, the command had a total property inventory population of 1006 items (a). The statistically-valid sample at a 95 percent confidence level ± 5 percent error rate provided a total stratified sample size of 60 items when rounded up to the next whole number (d).

	Population Size	Percentage of Total	Calculated Sample Size	Predetermined List Sample Size
	(a)	(b)	(c)	(d)
ICU Decals	417	41.45%	24.04	25
Telecommunications	337	33.50%	19.43	20
Fleet	44	4.37%	2.53	3
Weapons	208	20.68%	11.99	12
Total	1006			60

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, 52 of the 60 items were located. Two items were transferred out of the Area with a Credit Memo – Equipment, CHP 266. Three items transferred out of the Area with a Radio Extender Adjustment Record, CHP 331. Three items were returned to Fleet Operations Section with a Motor Vehicle Assignment and Transfer, CHP 57. Furthermore, one of the 52

items requires a correction be made to the property record. The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment assigned to the command to the OPI inventory lists, 44 of the 49 items reconciled. Five items were not listed on the appropriate OPI inventory lists, but the Area provided two Motor Vehicle Assignment and Transfer, CHP 57, forms which listed all five items requiring corrections be made to the inventory records. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by March 4, 2010.

Furthermore, in accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

The Office of Inspections would like to thank your command for their assistance during this property inspection. If you have any questions or need additional information, please contact me or Roger Ikemoto, Senior Management Auditor at (916) 843-3160.
