State of California | Business, Transportation and Housing Agency

Memorandum

Date: January 8, 2010

To: Oceanside Area DEB

Attention: Captain D. A. Schroder

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.015989.010

Subject: 2009 COMMAND PROPERTY INSPECTION REPORT

State Administrative Manual (SAM) Section 8652 requires Departments to conduct a physical count of all state owned property and reconcile the count with accounting records at least once every three years. Departmental records indicate the last command inventory by the Oceanside Area was conducted on August 10, 2009. In order to provide independent verification and reasonable assurance to the Office of the Commissioner that California Highway Patrol inventory records are complete and accurate, your command was selected for a property inspection.

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on November 30, 2009 through December 1, 2009. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

According to the OPI inventory lists, the command had a total property inventory population of 927 items (a). The statistically-valid sample at a 95 percent confidence level ± 5 percent error rate provided a total stratified sample size of 60 items when rounded up to the next whole number (d).

	Population Size	Percentage of Total	Calculated Sample Size	Predetermined List Sample Size
	(a)	(b)	(c)	(d)
ICU Decals	396	42.72%	24.78	25
Telecommunications	317	34.20%	19.83	20
Fleet	53	5.72%	3.32	4
Weapons	161	17.37%	10.07	11
Total	927			60

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, 46 of the 60 items were located. Eight items were unavailable for inspection due to the employee assigned the equipment being on days off, one item was transferred out of the command using a CHP 57, Motor Vehicle Assignment And Transfer form, and one item was unavailable for inspection because it was sent out for repair. The remaining four items could not be located or accounted for during the inspection. On December 18, 2009, the inspector received photographs via e-mail of the eight items that were unavailable during the inspection. The photographs are attached to this report and can be found in Attachments B, C and D. A shipping receipt that reflects the serial number of the item sent out for repair is located in Attachment B. Furthermore, two of the 46 items inspected require a correction be made to the property record. The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment assigned to the command to the OPI inventory lists, 117 of the 120 items reconciled. Three items were transferred to the Area by way of a CHP 57, but have not been added to command's inventory list. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by April 8, 2010.

Furthermore, in accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

The Office of Inspections would like to thank your command for their assistance during this property inspection. If you have any questions or need additional information, please contact me or Roger Ikemoto, Senior Management Auditor at (916) 843-3160.

M. C. A. SANTIAGO, CIG
Assistant Commissioner
